### Death of Col. Hart Gibson.

ST. PAUL, MINN., Jan. 4, 1904.  
Spencer Cooper, Hazel Green, Ky.  
My father died last night peacefully. Your letter was a grateful message.  
DUNCAN GIBSON.

We received the above dispatch on Monday morning, and read it with sincere sorrow, for, while Col. Gibson was not related to us by ties of consanguinity we were ever proud to know him as our friend. By reason of his innate modesty and a retiring disposition, many looked upon him as an austere aristocrat, but to us he was always the genial gentleman and as democratic as he dare be to maintain a respectful dignity. Several times in late years he had treated us with confidential consideration, and being a Chesterfieldian conversationalist we sat enrapt as under the drippings of the sanctuary while his words of wisdom flowed like bubbles from a sparkling brook. At once he impressed you as a man of rare attainments, and being master of several languages, he was a living cyclopedia. Scholar, soldier and gentleman he was. Alas, we may never see his like again. But it gives us pleasure to contribute this mite to the memory of a noble man, and sincerely we condole with his family in their sorrow.

Mrs. Gibson, his consort, left for Lexington, Ky., with the remains the morning after his death.

### Saved From Terrible Death.

The family of Mrs. M. L. Robbitt of Bargerton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and remedy used failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. Its most certain cure in the world for all throat and lung troubles. Guaranteed bottles 50c. and \$1. Trial bottles free at all drug stores.

### A Mountain Man the Mayor.

Thomas A. Combs was on Monday night installed as mayor of the city of Lexington with imposing ceremonies, and assumed the duties of his new position under most favorable auspices. Henry T. Duncan, the retiring mayor, has made a model mayor, and friends of Mr. Combs confidently anticipate that his administration will be all that is desirable. Both the outgoing and incoming mayors will please accept our thanks for courtesies enjoyed in the past and promised for the future, respectively, whether we shall avail of the latter or no.

### A Vest Pocket Pector.

Never in the way, no trouble to carry, easy to take, pleasant and never failing in results are DeWitt's Little Early Risers. A vial of these little pills in the vest pocket is a certain guarantee against headache, biliousness, torpid liver and all of the ills resulting from constipation. They tonic and strengthen the liver. Sold by all druggists.

Otis Wilson of Sword's Creek, Va., is visiting Albert Dye and his wife, father- and mother-in-law, he having married Miss Mattie Blackwell, a daughter of Mrs. Dye by a former marriage.

Lenox Swango, Butler Hughes, Buford Murphy and a young Mr. Maddox, all academy students, are boarding with Will Quicksall and wife.

### Domestic Troubles.

It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great worth in stomach and liver troubles. They not only relieve you but cure. 25c. at all druggists.

Revs. James M. Robinson and W. T. Tyler came to town Saturday, and on Sunday began a revival at the M. E. church, South, which is booked for a week. The congregations are very good, and interest manifest.

Mrs. Wm. McNabb will move to her town property, corner Broadway and State streets, in the near future and keep academy boarders. She is now living on the Chapel branch.

### The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## Our Candidate for President,

WM. RANDOLPH HEARST,  
OF NEW YORK.

## Announcements.

**PERDUE.**—We are authorized to announce G. W. PERDUE, of Lane, as a candidate for the office of Jailer of Wolfe County, subject to the action of the Democratic party.

**DAY.**—We are authorized to announce ROBT. A. DAY as a candidate for Sheriff of Wolfe County, subject to the action of the Democratic party.

From the moment William Randolph Hearst uttered the sentence, "Let the South alone," which was called forth by the incendiary policy of President Roosevelt's flattery of the ignorant blacks of that section, he has been growing in grace with the intelligent element of the South. The prominent newspapers of that section, realizing that he is sincerely their friend, are very pronounced in their preference for him for the presidency, realizing as they do, that as chief executive of the union his policy would do more for the pacification of the situation in the South than possibly that of any man who could be elected to the presidency. Prominent politicians within the party and men of every walk in life are just as pronounced in their sincerity as the newspapers, and there is no doubt but he will go to the Democratic national convention with a Solid South. Nor is his popularity confined to territory south of the Mason and Dixon line. Out West he is just as favorably mentioned, hardly a day passing without the organization of a Hearst Club, all of them being made up of the best material in their respective sections. However, these clubs are being organized in every corner of the country. Then, in New York he has achieved such great success for the Democratic party, done so much unselfish charity among the poor people, and been so phenomenally philanthropic that we can not see how it is possible to defeat him for the nomination. With a Solid South, California and other Western States, and New York, New Jersey, Connecticut and Delaware in line for Mr. Hearst for the nomination, to say nothing of other states which will go to him after the first ballot, we fail to see where any other candidate has the shadow of a show to defeat him. In the territory named he is idolized, and as the people become educated to his views and the campaign progresses he will be just as strong in other sections. To sum the situation up in a sentence, William Randolph Hearst will be the next Democratic nominee and the next president of these United States.

THROUGH the efforts of William Randolph Hearst, in which he was the largest contributor, over 100,000 of the poor people of New York city on last Christmas day enjoyed the first real Christmas they ever had. On that day his agents distributed warm clothing, food, toys, candy and other things to gladden the hearts of young and old alike. Not a one too poor to buy was overlooked, and it took an army to distribute overcoats, boots, shoes, socks, underwear, &c., to say nothing of the groceries, toys, Tam O'Shanter, &c. And he paid the bills. Then, again, in the cold nights following Christmas he had wagons out in districts where men were out of employment distributing to each a big fat sandwich and a cup of hot coffee, and to everyone was given 25 cents for a bed—some nights 50 cents for a bed and breakfast. And tell us the people will forget such a man. Never!

The fire in the Irroquois Theater at Chicago on Wednesday evening of last week was the most terrible holocaust that ever occurred in America. Of the vast audience

over 1,000 people were involved in some way; 582 were burned or trampled to death, 207 injured, and 294 missing. The majority of the victims were women and children. The dead were piled eight deep in doorways and in many instances unrecognizable because the faces had been trampled into pulp. The scene was horrible, heartrending, and the screams of the dying, mingling with the shrieks of those in quest of loved ones most appalling.

### A Very Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Belamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by druggists. Price 50 cents.

Why William Randolph Hearst should want the presidency, if indeed, he does want it, is more than we can conceive, for he is surely now doing a noble, grand work for humanity. We are not given to hero worship, but we would rather have his wealth and his disposition to disburse it in dispensing charity than to be the diamond-decked Khedive of Egypt, without such a disposition, and we venture the prediction that his deeds will be gratefully remembered long after the presidents and politicians are forgotten.

### The Kidneys and the Skin.

If the kidneys are weak or torpid, the skin will be pimply or blotchy. Hood's Sarsaparilla strengthens and stimulates the kidneys and clears the complexion. By thoroughly purifying the blood it makes good health.

On Saturday night, at Pearre Hall, in the chapel, the Macabees will give a public installation of the newly elected officers of that order, to which everybody is most cordially invited.

## Rather Do Without His Coffee.

LOUISVILLE, KY., Jan. 1, 1904.

Spencer Cooper, Hazel Green, Ky.

My Dear Editor: On this beautiful but rainy New Year I write you asking you to send me the dear old HERALD, which gives such interesting news. I want you to change the address from Landsaw to Louisville, where I have entered the Kentucky School of Medicine. I have felt at a loss ever since I have been here without the dear old HERALD to read. I had rather do without my coffee for breakfast as to do without reading that dear old paper. It might be that I can write some to your paper from here. I will try to. Please change the address and oblige

Yours very truly,  
HARDIN HURST,  
Ky School Medicine.

## Letter From "Dr." Dunn.

LOUISVILLE, KY., Jan. 4, 1904.

Spencer Cooper, Hazel Green, Ky.

Dear Sir: Please send my paper to Louisville, 617 6th street. I have matriculated in the Kentucky School of Medicine. J. S. Cisco, Jerome Gullett and I are rooming together. We are learning very fast I think, and will be able to do some good work by the last of the term.

I guess it will cost us about \$300 a term. We are enjoying ourselves like a gay kitten. When we get better acquainted with the city we will give you a description.

Your true friend,  
DR. JAMES H. DUNN.

## Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

## Stands at The Front.

The statement of the Bank of West Liberty appears in our paper today, and for a comparatively new bank it certainly shows quite a handsome business. The quarterly reports made by the Bank of West Liberty since it began operations, and the semi-annual reports, show that its deposits have steadily increased in jumps of \$10,000 to \$20,000, until now it is carrying \$112,301.46. The statements referred to are shown on a 4-page folder which the bank has just issued, 500 copies being printed by this office. We also note that its capital stock is all paid in, that it has a surplus of \$2,500 and that out of the last three months' business it declared a 3 per cent. dividend beside paying expenses. All this is very flattering to W. D. Archibald, the courteous and accommodating cashier, to whose wise management and judicious advertising is due its phenomenal prosperity. Young as it is it stands at the front among the fiduciary institutions of the land, and promises even better for the future.

Special Land Buyers' Excursions  
Will run to the new lands of Greer county, Oklahoma, and other sections of the great Southwest in November and December, via the Frisco System.

Are you looking for rich and fertile farming lands in the Southwest which you can buy for from one-fourth to one-tenth the cost of lands of the East and North? They produce as much acre for acre. Here is a chance to better your condition and add a liberal amount to your pocket-book.

For full particulars and special railroad rates apply at once to R. S. Lemon, Secretary Frisco System Immigration Bureau, St. Louis, Mo.

## A Home Enterprise.

With this issue we publish the quarterly report of the Farmers and Traders Bank at Campton, and take pleasure in commending it to the consideration of depositors. Remember that it is a home institution and deserves your patronage, in part at least. While the volume of business done by it is not so great as that of the other banks advertised with us, there is good reason for it. It is the youngest of these institutions, and at the time it was established nearly all the bankable money was with other banks, from which it was hard to withdraw while satisfaction was maintained. But it is an absolutely safe depository, Mr. Drushel is a thorough banker, and under all circumstances this bank is quite a success. Try it.

## What's In a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by all druggists.

## Fire at Mt. Sterling.

Mt. Sterling was last week visited by the most disastrous fire in her history, entailing a property loss of \$135,000 and the death of two men, Joe Barnes, the jeweler, and a negro, who were killed while fighting the fire by a falling wall. The grand opera house, store of T. K. Barnes and the granary of I. F. Tabb, together with a large quantity of grain, were destroyed.

## Wonderful Nerve.

Is displayed by many a man enduring pains of accidental cuts, wounds, bruises, burns, scalds, sore feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best salve on earth for piles, too. 25c. at all druggists.

## State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a College home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission apply to

JAMES K. PATTERSON, Ph. D., LI. D.  
Or to D. C. FRAZEE, Business Agent, Lexington, Ky.

Fall Term Begins September 7th, 1903.

is necessary in the home where Thedford's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Thedford's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels, liver and kidneys so nearly control the health.

## THEDFORD'S BLACK-DRAUGHT

### This Came From Old Missouri.

APPLETON CITY, MO., Dec. 31.  
Spencer Cooper, Hazel Green, Ky.

Editor HERALD: Please find enclosed my subscription to THE HERALD. I would have renewed before now but have been on the move.

I am now located in Bates county, Mo., almost midway between Appleton City and Rockville.

Notwithstanding Ed Day's break at the make up of THE HERALD, it gives quite a bit of local news not found in other Kentucky papers.

I like Southwest Missouri just splendid. We all have the best of health. There may be places where money is more plentiful, but I hardly think it is among the farmers of the mountains of Eastern Kentucky. The wet season and early frost that made so much soft corn, together with the low price for cattle and hogs, has got most farmers' profits. Then it looks as though McKinley prosperity has changed to Roosevelt adversity, and the chilly night, politically speaking, seems to be about to frostbite Roosevelt's presidential boom. 'Rah for Hearst and Joseph W. Folk. Success to THE HERALD.

Respectfully,  
JESSE L. SWANGO.

### Cured After Suffering 10 Years.

B. F. Hare, Supt. Miami Cycle & Mfg. Co., Middletown, O., suffered for 10 years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says, "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by druggists.

Forrest Cecil and Miss Myrtle Johnson, one of the twins of A. F. Johnson and wife, were united in marriage the Wednesday night before Christmas, at the home of the bride's parents on Lacy creek. A rumor of it reached us at the time but it couldn't be verified, and was not published. Last week it was overlooked, and we now make the amend honorable and congratulate the young couple upon the consummation of a wish so devoutly desired by them.

## LEE CITY LOCALS.

Andy Wilson is some better but improves very slowly.

Ed Nickell was arrested for being drunk, and put in the calaboose.

Geo. Nickell is very low with typhoid fever, and his condition critical.

James H. Dunn, W. H. Hobbs, and J. S. Cisco left for Louisville Dec. 31st.

George Taulbee is very low with typhoid fever, and grows worse as time proceeds.

Ronce Pence is reported to be a great deal better. She will be able to go home in a few days.

Sherman Morris has been very low with typhoid fever, but is now thought to be slowly improving.

Jim Webb is in the lockup, on the charge of stealing turkeys and selling them to K. W. Bryant. He will be taken to Campton jail.

R. A. and J. H. Dunn arrested Wesley Hill on Trent, charged with defrauding the government. He tried to runaway after they arrested him, but they drew their revolvers on him and made him walk back.

Herald Pieratt will probably go into the bakery business. During the absence of Mrs. Pieratt, Herald made some biscuit, and Tom says he used neither salt, soda nor lard. Flour and buttermilk were the only essentials.

Rolla Bailey and wife, of Stillwater, passed through Hazel Green a few days since, en route to Isouville, Elliott county, where Rolla has accepted a position as clerk in the store of George Bailey for the ensuing year.

Milt Lykins last week sold his farm lying on the waters of the Jim Nickell fork to James Castle, the consideration being \$450. Mr. Lykins will probably rent a place near Mt. Sterling.

On Sunday last a mule fell and threw John S. Pieratt of the Murphy fork, cutting that gentleman's head and otherwise bruising him up considerably.

## PUT TO THE

## TORTURE

"PUT to the torture." How cruel and uncivilized this seems. Yet women are daily enduring even worse tortures, from headache, without knowing where to turn for relief. Headache is directly due to a disordered and inactive liver, and is usually accompanied by indigestion, constipation, blood disorders and nervous irritability. PLANTERS' NUBIAN TEA is ever ready to do away with the agonizing pains of headache, by restoring the liver to a normal, healthy state. If troubled with sick headache, chilliness, nausea, disgust for food, head noises, weak eyes, muscular soreness, shooting pains in the head, or other symptoms showing a disordered and sickly liver—PLANTERS' NUBIAN TEA quickly cures. A purely vegetable preparation, composed of efficacious roots and herbs, and containing no injurious ingredients. At all druggists' or mailed by us, prepaid, 25c. a package, 5 packages \$1.00. Sample and booklet free to any address.

## Tomorrow May Be Too Late.

How many times have you put off something, saying: "I'll do that tomorrow"? But when tomorrow came you again put it off and have kept on putting it off ever since. When asked why, you say "Oh, there's plenty of time yet." IS THERE? Just one example. A young man was taken ill and attended by a physician who left him some medicine to take at a certain hour. When the time arrived the young man, feeling better, said: "I don't need that now," and cast it aside. On the morrow a cramp on the door and the tear-stained faces of wife and little one told a story too sad to picture.

Among the many uncertainties of life there comes a certainty—it is Death, and we must all meet it. It rests with you to make provision for those who depend upon you. The best protection that money can buy is in the
